

St Michael's Church, Eggington. Report from church officers.

St Michael's was very pleased to welcome home Father Noel on the 2nd April back from his travels.

We are still awaiting our Quinquennial Report from last years inspection. We are keeping on top of the jobs we know about, we are monitoring a couple of cracks in the back wall, the churchyard has been an ongoing experience. At this moment it is looking beautiful with all the bulbs flowering. We will carry on with our monthly working parties to keep it all looking great. The church paintwork is ok for now, but we will continue to monitor it.

We continue to have our two services a month which are well attended.

We have two weddings booked this year and a couple of christenings. We are continuing to pay our quota on time and continue with all our fund raising events for this and the upkeep of the church.

We have a couple of quiz evenings booked, plant sale and cream teas coming this year.
